

Picus® NxT Electronic Pipettes Safety & Sophistication Combined

Picus® NxT Electronic Pipettes

For Highly Regulated Laboratories

Picus® NxT offers distinct advantages for compliance in strictly regulated laboratories with its added certification, safety features and technology. Its superior design, adopted from the proven Picus®, provides maximum operating convenience, considerably easing your workload.

- Certificate of accredited 3-point calibration (per ISO 17025 and ISO 8655) delivered with the product. Pipette is ready for use from day one also in highly regulated laboratories.
- RFID-enabled to support asset management.
- Password protection for stored programs to prevent unauthorized changes.
- Repeated blow-out function facilitates dispensing of the very last droplets of your sample, even of viscous liquids, for example.

The highly ergonomic design of Picus® NxT reduces the risk of repetitive strain injury (RSI).

Enjoy Pipetting

- Uniquely lightweight (only 100 grams!) and streamlined design for effortless pipetting experience
- Conveniently located soft-touch operating button and electronic tip ejection help minimize muscle strain
- The comfortable design of the handle and the finger hook enable Picus® NxT to rest lightly in your hand, with minimum effort

Achieve Reliable Results

- Unique plate tracker increases reliability in microwell plate dispensing
- Electronic piston control and brake guarantee accurate and precise pipetting results, independent of the user
- Repeated blow-out function helps dispense the very last liquid droplets, ensuring complete recovery
- Safe-Cone Filters prevent the risk of contamination, cost-effectively

Speed Up Your Work

- The unique adjustment wheel offers extremely fast volume setting and menu navigation
- The extensive range of pipetting modes, from diluting and titrating to serial dispensing, helps to perform the pipetting tasks quickly and easily
- Intuitive user interface in a choice of language options: English, French, German, Russian and Chinese, enables ease of use

Conform to Lab Regulations

- Certificate of accredited 3-point calibration (per ISO 17025 and ISO 8655) conforms to the strictest regulations
- RFID-enabled to support asset management
- Password protects the stored programs from unauthorized changes

Pipetting Modes
